WOJSKOWE ZAKŁADY
LOTNICZE NO. 2 S. A.

OFFER
GROUND SUPPORT EQUIPMENT
FOR **C-130** AIRCRAFT

Wojskowe Zakłady Lotnicze No 2 S.A. provides Polish and international customers with comprehensive solutions in the field of design and manufacture of ground support equipment dedicated for C-130 aircraft, based on the highest qualifications of the personnel as well as the equipment and infrastructure necessary for providing such services.

KW-9 CONTIS
Propeller hub dolly

KW-10 PROPELIS
Propeller blades dolly

KW-11 TRIVIS
Pump housing dolly

KW-12_M-2 GRAVIS 2
Container dolly for transport
of Allison T-56 engine

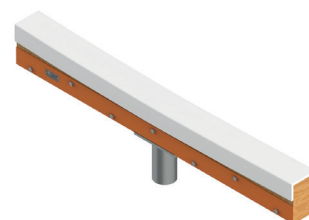

KW-13 SECLIS
GTC dolly

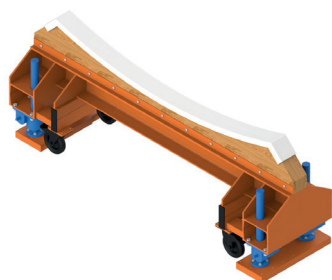

KW-22/M-1 FORTIS 2
Dolly for transport of
Allison T-56 engine

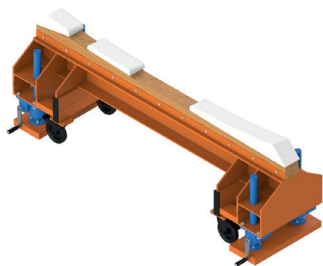

KW-28 SICCIS
Dolly for drying wing
tank foam

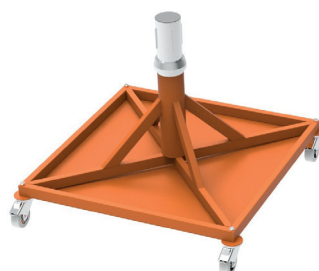

KW-29
Cradle for stabilizer

KW-30
Cradle for fuselage

KW-31
Cradle for fuselage

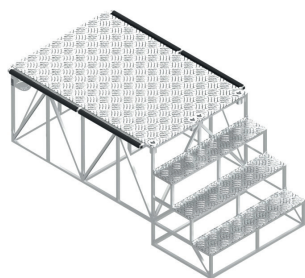

KW-36 AGMENIS
Mount for propeller

KW-38 ROTARIS
Dolly for Allison T-56
engine without pod

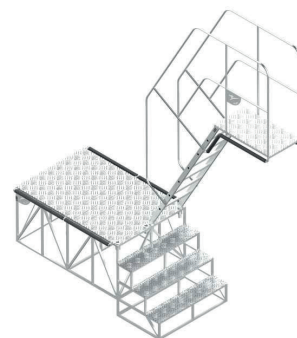

KW-39 BALNIS
Mount on wheels for
dome shell

KW-42 SUGESTIS
Wing external
ladder catwalk

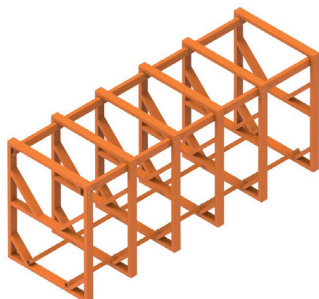

KW-43 RABIS
Wing external ladder

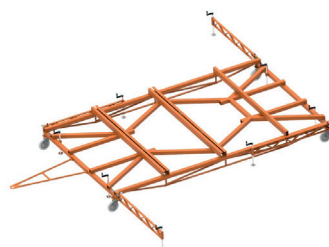

**KW-42 SUGESTIS /
KW-43 RABIS**
Catwalk with a wing
external ladder

WSPA-170
Mount for cone/radome

WSPA-171
Stand for wheels

WSPA-172
Mount for vertical stabilizer

WSPA-173
Mount for storage of
underwing fuel tank

GROUND SUPPORT EQUIPMENT

WSPA-174
Mount for cargo door

WSPA-175
Shoring for cargo ramp

WSPA-176
Safety tag informing about works on the tank

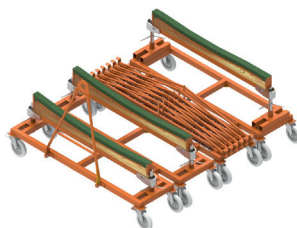

WSPA-178
MLG maintenance strut

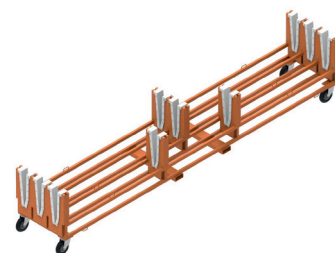

WSPA-182
Horizontal stabilizer dolly

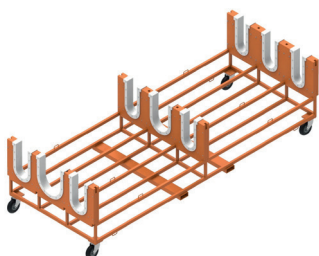

WSPA-184
External wing dolly

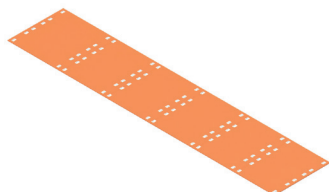

WSPA-184
External wing dolly
(folded for storage in a hangar)

WSPA-185
Transport mount for removed external and internal flaps

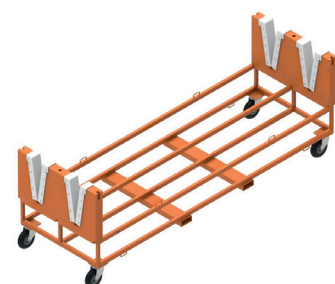

WSPA-186
Transport mount for removed elevators and rudders

WSPA-187
Technological floor panels for cargo compartment

WSPA-188
Nose ballast

WSPA-191
Dolly for aileron transport

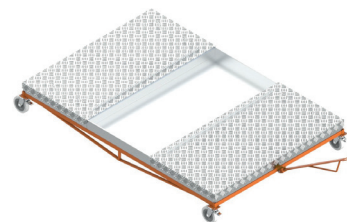

WSPA-196
Stand for rubber tanks

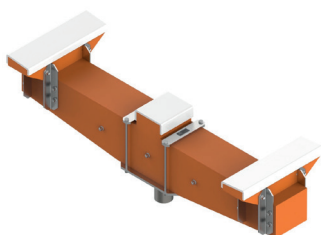

WSPA-197
Stand for underwing tanks

WSPA-200
Sling for removal/
installation of Allison
T-56 engine

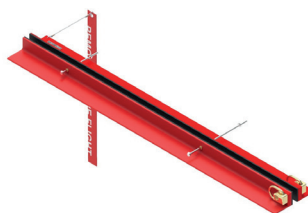

WSPM-21
Effluent bath
(shown without
middle cover)

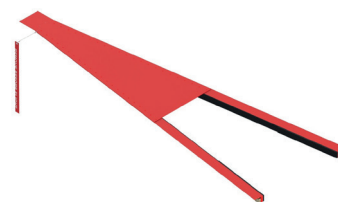

C-130-01
Wing support

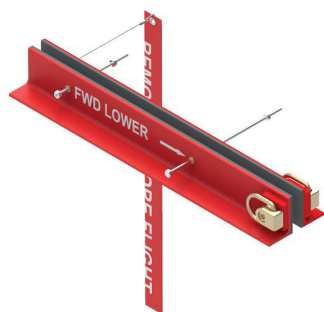

C-130-02
Fuselage support

C-130-39
Elevator locking device

C-130-40
Rudder locking device

C-130-41
Aileron locking device

C-130-42
Propeller tester key

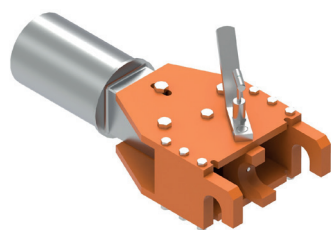

C-130-53
Landing gear
housing support

C-130-138
Table for disassembly
of propeller

GROUND SUPPORT EQUIPMENT

C-130-155
Guide bar holder

C-130-167
Propeller blade support

C-130-170
Support of engine
rear suspension

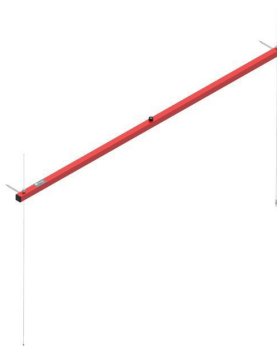

C-130-171
Support of engine
front suspension

C-130-188
Magazine ALE-47 simulator

C-130-189
DVS antenna
technological hatch

C-130-204
Device for MLG leveling

C-130-212
Bath for liquid
oxygen etching

C-130-224
Table for gyroscope checks

PM-2-BH
Device for replacement of engine rear suspension sleeve

UW-1-BH
Support of rear of the fuselage

OS-1-BH
Case for transport of propeller blades (shown without upper cover)

OS-2-BH
Case for transport of propeller components (shown without upper cover)

OS-3-BH
Case for transport of propeller spinner (shown without upper cover)

OS-4-BH
Case for transport of propeller control assembly (shown without upper cover)
